CAREER OBJECTIVE

Self-learned through udemy courses, with a passion for developing scalable web applications and working across the full stack. I am always happy to learn more technologies to sharpen my skillset whenever I get the chance while contributing to the positive outcome of making people "richer, smarter, and happier."

WORK EXPERIENCE

Full-Stack Developer

Freelance

📅 March 2022 - current

PROJECTS

Project #1

Me

📅 17th of March - 17th of March

- I just made this project in 2 hours with the goal of showing people that am willing to work, I keep updating the site with new features but for now it includes the following.
- Responsive
- Chat-Bot
- Well designed
